'S-GRAVENHAGE**

VOORWOORD

Nadat in de dertiger jaren de Lexicografische Registers op de jaargangen 1912—1918 en 1919—1927 van Nederland's Adelsboek waren verschenen, ziet thans het register over de jaren 1928—1939 het licht. Deze maal is het register bewerkt door Mevrouw P. J. Whitlau-van Buttingha Wichers, die zich met nauwgezetheid van haar taak heeft gekweten.

In het systeem, dat bij de vorige deeltjes werd toegepast, is geen wijziging gebracht; zo beduidt een sterretje achter een cijfer, dat de naam meermalen op dezelfde bladzijde voorkomt.

De herhaalde vraag naar de vroeger verschenen lexicografische registers heeft aangetoond, dat deze in een behoefte voorzien. Voor hen, die zich willen oriënteren over de aan de Nederlandse Adel verwante geslachten, vormen deze registers dan ook een zeer bruikbaar hulpmiddel, terwijl ook zij, die zich bezig houden met het samenstellen van een genealogie, deze registers niet ongebruikt mogen laten.

Het ligt in de bedoeling om na de voltooiing van de thans lopende serie, die in 1940 is aangevangen, en waarin voor het eerst sedert de serie 1912—1918 de stamreeksen wederom zijn opgenomen, een vierde deeltje uit te geven.
